Preferred Source procurement satisfies the obligation to comply with New York State Finance Law Section 162's mandate to purchase approved goods and services provided by New Yorkers with disabilities. NYSID prices are approved by the New York State Office of General Services. Agencies are required to purchase commodities and services from preferred sources when such commodities and services are on the List of Approved Preferred Source Offerings and when they meet form, function, and utility requirements as determined by the agency and the prices charged comply with State Finance Law 162. These items are approved by New York State Office of General Services (OGS) and are Priority Program items under NYS Procurement Law which can be purchased at any dollar level without the need to go out for bid.

5. rewiring

6. Install the Reflector

7. Close the Cover

8. Turn on the light

The US Department of Commerce and the U.S. Trade Representative (USTR) have published tariff increases to 25% on June 1, 2019. HI is being forced to institute a 15% surcharge on all purchase orders received after June 1, 2019. Should these tariffs be temporary, HI will make the appropriate adjustments and remove the surcharge. This surcharge will be clearly delineated on your invoice as such and will in no way impact your individual product pricing. We want to be clear that this additional charge is a US government-imposed tax. We thank you for your continued support and are appreciative of your patience and understanding during this time.
